

infosyon Professional Fields – Nation wide Meeting and members Annual General Meeting

05.06.10

Dear Members and interested colleagues,

The activities in the Professional Fields (ProFi) project groups have began in the various regions and the first groups have began to work on specific fields. For many of you it was not yet possible to get involved at the past meetings due to scheduling problems or to get into direct contact with the other colleagues.

To support the overlapping networking as well as the work in the specific fields and to give interested colleagues the possibility to obtain information, we would like to invite you to a nationwide meeting of ProFi in Munich.

The Annual General Meeting will also take place during this time.

Goals of the Event

- Overview of the status of the activities of ProFi
- Bring together overlapping topics / groups
- Form new project groups (where necessary and interest exists)
- Wake interest and answer questions on ProFi
- Work on the ProFi topics
- Members Annual General Meeting and vote of Board and other function bearers

Participants

- infosyon members
- ProFi participants, incl. representatives from organisations and researchers

Agenda on page 2
